Mr Beamish has made no secret of the fact that he has acted as Discovery Health's mouthpiece, and media assassin during the revenge vendetta conducted by the Discovery Group against Ronald and Darren Bobroff and the Practice of Ronald Bobroff and Partners Inc.

Beamish's acting as an accomplice to thefts from RBP's computer server by his lover, former RBP employee Cora van der Merwe, was described by magistrate M S Sethusha as "malicious and unlawful". The honourable magistrate in the same judgment dismissed the trumped up and perjured

allegations of kidnapping made fourteen months after Cora van der Merwe had confessed to renowned forensic investigator Mr Paul O'Sullivan, who had been retained by the Practice to investigate the thefts, and during which she labelled van der Merwe as "inconsistent and evasive" . **Click here to read the relevant parts of the judgment.**

Details of Beamishes repulsive nature and how he had plotted to serve as Discovery's media assassin against us, in concert with touting attorney Anthony Millar and others, may be accessed on forensic investigator Paul O' Sullivans website - www.forensicsforjustice.org.

The young lady allegedly sexually assaulted by Beamish felt compelled to launch an application to court for a protection order against Beamish and which may be viewed on www.forensicsforjustice.org

Mr Paul O'Sullivan, renowned both in South Africa and abroad as a fearless forensic investigator committed to exposing corruption within South Africa's law enforcement agencies, and the father of daughters himself, was so shocked by what she had told him, that he has committed himself to taking every possible step to see to it that justice is done and that neither Discovery Health, nor its attorney Mr George van Niekerk of Edward Nathan Cape Town, or its proxy - attorney Mr Anthony Millar – all

of whom have been and continue to be intimately involved with Mr Beamish for many years, would not be able to see to it that her criminal charge against Mr Beamish would be quietly shelved.

There is a history of one or more of the above persons being involved in having a criminal charge of theft against former RBP bookkeeper Bernadine van Wyk laid by her former employer Alberton attorney Schalk de Bruyn from whom she had stolen R1.3 million. **Click here to read attorney Schalk de Bruyns affidavit**

Van Wyk who had somehow *forgotten* when seeking employment with RBP Inc. to disclose that she had been convicted on ten counts of fraud by false pretences and served a term of imprisonment in respect thereof was an easy target for capture by Discovery Health's Jeffrey Katz's proxy attorney Anthony Millar. **Click here to read Bernadine van Wyks criminal record**

Discovery Health's offer to bribe van Wyk was conveyed to her by Mr Millar, who then successfully recruited her to *set us up* in accordance with instructions given to her by him and or Mr van Niekerk and Katz.

She also stole the Practices entire client database for Beamish who promptly and gleefully tweeted about this. **Click here to view tweet**

Mr O'Sullivan has assisted in the lodging of a formal complaint against Mr Beamish and Cora van der Merwe with the Judicial Commission of Enquiry into allegations of State capture, corruption, fraud in the Public Sector including Organs of State. **Click here to view complaint**
