Dear Sally

Please find a letter our South African solicitor sent to the South African Jewish Report whose board members comprise of Shaun Mattison, the Principal Officer of Discovery Health and Howard Sackstein, one of Discovery's attorneys. Everything that Beamish publishes in Moneyweb is repeated in the Jewish Report. Not coincidentally Discovery's Jeffrey Katz has a weekly column in this publication and one of their friendly journalists Ant Katz is Jeffrey Katz cousin!

Some years ago I actually did a case for the former editor Geoff Siffrin who was very well disposed to me and our practice.

Yours Sincerely

Darren Bobroff
